WASTE TIRE FACILITY PERMIT

Facility/Permit Number:

57-TI-0042**TPID # 1002464****12. Legal Description of Facility:**

Assessor's Parcel Number (APN): 067-060-061

13. Findings:

- a. This permit is consistent with the standards adopted by the California Department of Resources Recycling and Recovery (CalRecycle) as required by Title 14, California Code of Regulations (CCR), Division 7, Chapter 6.
- b. The design and operation of the facility is consistent with the Waste Tire Storage and Disposal Standards applicable to a minor waste tire facility, pursuant to PRC §42830 (Minors) et. seq. and implementing regulations found in 14 CCR, Division 7, Chapter 3.
- c. *CEQA information (e.g., This facility was in existence on or before January 1, 1990, and there has been no substantial change in design or operation at the facility. Therefore, staff determined that permitting this facility does not require a CEQA analysis, pursuant to PRC 42812).*

*(include any other site specific findings)***14. The following documents describe and/or restrict the operation of this facility:**

14. Conditions:

- a. The design and operation of this facility shall comply with the applicable Waste Tire Storage and Disposal Standards contained in 14 CCR, Division 7, Chapter 3. The permittee shall also comply with the permitting requirements in 14 CCR, Division 7, Chapter 6.
- b. The facility shall comply with all Federal, State, and Local laws and requirements, including all mitigation measures given in any certified or adopted CEQA document filed pursuant to Public Resources Code, Section 21081.6.
- c. In the event of a fire or other emergency that may have potential significant off-site effects, the permittee shall notify CalRecycle within 24 hours.
- d. Upon presentation of proper credentials, the Enforcement Agency, CalRecycle staff, or other authorized agent of CalRecycle, shall be allowed to enter the permitted facility during normal operating hours to examine and copy books, papers, records, or memorandum, to take photographs of the tire storage area, and to conduct inspections and investigations pertaining to the facility. CalRecycle staff, designated contractors and representatives shall also have access to the facility to investigate, remediate, or stabilize the facility, if such activities are deemed necessary to protect the public health, safety and the environment.

WASTE TIRE FACILITY PERMIT

Facility/Permit Number:

57-TI-0042

TPID # 1002464

15. Conditions: (continued)

- e. The permittee shall maintain a copy of the Fire Authority approval at the facility. The permittee shall maintain copies of all waste & used tire manifests documenting tire movement in and out of the facility for a minimum of 3 years. The permittee shall maintain a copy the Operation Plan and the Emergency Response Plan at the facility. At the time of permit issuance, the permittee shall forward a copy of the Emergency Response Plan to the local fire authority. The Emergency Response Plan shall be revised as necessary to reflect any changes in the operations of the waste tire facility or requirements of the local fire authority. Such revisions to the operation plan or emergency response plan will not be effective until CalRecycle concurs with the revisions. All emergency phone numbers shall be updated immediately. The local fire authority and CalRecycle shall be notified of any changes to the plan within 30 days of implementing the revision.
- f. A copy of this permit shall be posted in a visible location at the facility.
- g. Local fire authority permits or other approvals referenced in this permit shall be maintained in force during the term of this permit. In the event the permittee intends to modify any permit or approval from another government program, including but not limited to Air Resources Board, State Water Control Board, or CalRecycle programs, during the term of this permit, the permittee shall notify CalRecycle in writing within at least 30 days prior to the change and include copies of any renewed or modified permits or approvals from these agencies. In the event any permit or approval from another government program is suspended or revoked, or expires during the term of this permit, the permittee shall notify CalRecycle in writing within 5 working days of the suspension, revocation or expiration, and include copies of the pertinent documents with the notification.
- h. This permit does not release the permittee from their responsibility under any other existing laws, ordinances, regulations, or statutes of other government agencies.
- i. The terms and conditions of this permit may change as a result of a revision of CalRecycle's statutes or regulations.
- j. The permittee must report to CalRecycle the receipt of 10 or more waste or used tires from unregistered haulers in a manner that is consistent with Title 14 CCR §18461.
- k. All site conditions, equipment, and precautions outlined in the Waste Tire Facility Operation Plan shall remain in force. In no case shall the permittee implement any change of permit conditions herein without first seeking approval from CalRecycle by submitting a written notice of the proposed change to the Enforcement Agency at least 90 days in advance of the change.
- l. CalRecycle staff reserves the right to suspend or modify waste tire receiving and/or storage operations when deemed necessary due to an emergency, a potential health hazard or the creation of a public nuisance, to protect the public health and safety, protect and rehabilitate or enhance the environment, or to mitigate adverse environmental impacts.
- m. Violation of any term or condition of this permit or the Waste Tire Storage and Disposal Standards may result in enforcement action(s) which include but are not limited to the following: issuance of orders (clean up and abatement or cease and desist); penalties (civil, administrative, criminal); and permit revocation or suspension.
- n. Altered tire materials greater than 1/4" in size stored on-site are considered waste tires and will count toward the Maximum Permitted Capacity declared on page one of this permit.
- o. The beneficial reuse of waste tires in on-site construction projects must be pre-approved as required by Title 14 CCR §17346(f).
- p. The permittee shall only give, contract, or arrange with California registered used and waste tire haulers to transport waste tires or tire pieces (greater than 1/4") away from the facility, unless the hauler is exempt as specified in PRC §42954, or CalRecycle has granted written approval to the permittee or the hauler.
- q. Waste tires stored outside shall only be located in the areas identified on the site diagram as numbers 1, 2, 3, 4, and 5 on page 5 of the permit.

WASTE TIRE FACILITY PERMIT

Facility/Permit Number:

57-TI-0042

TPID # 1002464

- r. No waste tires shall be stored indoors. Tires stored indoors shall be resale tires and will meet the requirements of Public Resources Code 42806.5(c)(i)(2), which require that tires stored indoors must be ready for resale, stored by size in a rack or a stack not more than two rows wide, but not in a pile, and stored in accordance with local fire and vector control requirements and with state minimum standards.
- s. All outdoor tire storage piles must be in compliance with Title 14 of the California Code of Regulations. This includes set back requirements such as a maximum pile height of 6 feet when the waste tire storage pile is within 10 feet of the property boundary and waste tire storage piles which exceed 6 feet in height must be at least 20 feet from the property boundary. None of the five waste tire storage piles on site shall exceed 5,000 square feet in surface area or 50,000 cubic feet in volume. The total number of waste passenger tire equivalents stored on site may not exceed 4,999 at any one time.
